NAACP lawsuit accuses Elon Musk's
xAI of polluting Black neighborhoods
near Memphis

Suit alleges the billionaire's AI company is illegally spewing
toxic pollutants from its datacenter in the Memphis area

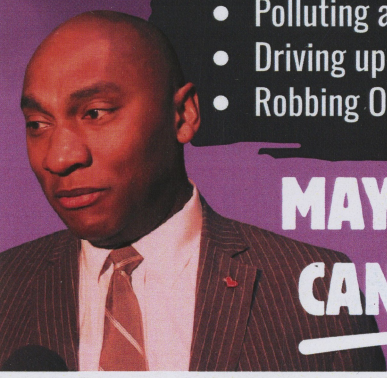

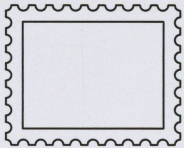

ELON MUSK'S DATA CENTERS ARE POISONING US

- Spewing chemicals into OUR air
- Polluting and stealing OUR water
- Driving up OUR electric bills
- Robbing OUR tax dollars

MAYOR HARRIS CAN STOP HIM

Mayor Lee Harris
160 N. Main St.

Mayor Harris,

I'm a South Memphis resident who breathes the air and drinks the water that Elon Musk is polluting.

Elon Musk's data center turbines are spraying formaldehyde, particulates, and cancer-causing chemicals into our community - and you can stop it.
Order the Shelby County Health Department to shut down the turbines TODAY.

Will you stand with South Memphis or with the richest man on the planet who is poisoning our community?

Shut down the turbines!
